

OPPORTUNITY TO GET SAFETY RAZOR FOR SMALL OUTLAY

No Need For Further Annoyance When You Need a Quick Shave.

OUTFIT IS A COMPLETE ONE

Consists of "Very Sharp" Razor, Six Fine Steel Blades, One Genuine Horsehide Leather Strip, One Strop-Per and a Box of Strop Dressing.

The Courier is pleased to announce an arrangement with the manufacturers whereby readers will be supplied with the very latest self-shaving outfit for six coupons and merely the cost of expense items as set forth in today's announcement, printed elsewhere in this paper.

The enormous expense of popularizing a new feature in self-shaving could not be met by the manufacturers through the usual channels, and a combination of leading newspapers throughout the country offered a plan of publicity that appealed to all. This is the one paper in this section which has been selected for this great promotion plan.

The complete outfit consists of one safety razor called the "Very Sharp," six fine steel blades, one genuine horsehide leather strip, one handy strop-Per, and a box of strop dressing which is applied to the strip and "acts like magic" in keeping it in a condition that always assures perfectly sharpened blades.

Where is the man who does not need this outfit? It matters not how many other kinds of razors one has, here is the only always-ready, quick-acting, self-shaving outfit, complete of itself. All you need to do is to supply the lather—we supply the entire outfit, and "You'll never need to buy another blade."

Read the announcement printed elsewhere in today's paper. See the coupon. Come in and examine the outfit. You'll agree that this is an opportunity that you cannot afford to lose.

Clip the coupon today!

Smithfield.

SMITHFIELD, Nov. 8.—The vote in the borough was light Tuesday, not as much interest being shown as in the primary. The result for borough offices is somewhat mixed. Samuel Jackson, Curtis Shaw, John Leckemby, H. R. Breakiron and A. E. Cooley were elected to council, the first three named being Republicans, J. R. Stuck, Democrat, was elected tax collector over John P. Hardin, Republican, H. C. Reason, Republican, was elected burgess, and A. Howard assessor.

William Davis, aged 69 years, died at his home in Spruigill township on Tuesday. Mr. Davis was afflicted with sciatic rheumatism, his condition having grown worse since a fire some months ago burned his home, traces of his little grand-children perishing in the flames.

AN OPERATION

AVERTED

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. THOS. MCGONIGAL, 3432 Hartville Street, Phila., Pa.

SOLDIERS HEAR EXPLANATION OF INSURANCE LAW

Officers Anxious to See Every
Draftee Protect His Family
and Relatives.

RELIEF NOT BASED ON PAY

Compensation Payable By Government
For Death or Total Disability; Vary-
ing Sums According to Number of
Dependents Upon the Soldier.

By Associated Press.

CAMP LEE, Petersburg, Va., Nov. 9.—Soldiers at Camp Lee are hearing explanations of the operation of the new law governing war risk insurance, which officers here are anxious to see every draftee carry as a protection to his family and relatives.

Compensation under the new law is payable for death or total disability resulting from personal injury in the line of duty. It is paid by the government without contribution from the person protected.

In case of death, the compensation to the family of a draftee is limited to the widow, children or dependent widowed mother of the deceased.

The monthly sums payable in each case are stated and are not based upon the pay of the deceased:

- (a) For a widow alone, \$25.
- (b) For a widow and one child, \$35.

- (c) For a widow and two children, \$47.50, with \$5 for each additional child up to two.

- (d) If there be no widow, then for one child, \$20.

- (e) For two children, \$30.

- (f) For three children, \$40, with \$5 for each additional child up to two.

- (g) For a widowed mother, \$20. The amount payable under this subdivision shall not be greater than a sum, which when added to the total amount payable to the widow and children, does not exceed \$75.

Compensation to a widow or widowed mother shall continue until death or re-marriage. Compensation to a child ceases at the age of 18, or at marriage, unless the child is incompetent.

The government also provides for the burial expense not to exceed \$100.

During the continuance of total disability, monthly compensation shall be paid to the injured person. The amounts are not based on pay, but are as follows:

- (a) If he has neither wife nor children living, \$20.

- (b) If he has a wife and no children living, \$45.

- (c) If he has a wife and one child living, \$55.

- (d) If he has a wife and two children living, \$65.

- (e) If he has a wife and three or more children living, \$75, \$10 for each additional child up to two.

- (f) If he has no wife but one child living, \$40, with \$10 additional up to two.

- (g) If he has a widowed mother dependent upon him for support, then in addition to the above amounts, \$10.

To an injured person who is totally disabled and in addition is so helpless as to be in constant need of a nurse or attendant, such an additional sum shall be paid, but not exceeding \$20 a month, as the director may deem advisable or reasonable. For certain specified conditions or if the injured person is permanently bed-ridden, \$100 monthly compensation is provided, but no allowance made for a nurse.

The amount of compensation in case of partial disability is a percentage of the compensation provided for total disability equal to the reduction in earning capacity resulting from similar injuries in civil life.

Attention is also called to the provision that the government shall furnish medical, surgical and hospital service and supplies in addition to the pecuniary compensation.

After Price Boosters.

Government inspectors have recently visited the mines in the vicinity of New Castle, Pa., notifying the coal mine owners to refrain from charging in excess of the price fixed by the Fuel Administration. Some of the operators have been charging \$3.00 or whatever they can get.

"THE VARMINT"—Imagine falling in love with the daughter of "The Roman," your Latin professor, who had caught you in many a scrape and filled your soul with awe at the mere sight. Such a plight is Jack Pickford's in "The Varmint," a Paramount picture, a screen adaptation of Owen Johnson's celebrated story, which originally appeared in the Saturday Evening Post. Tomorrow, charming Vivian Martin, in "Little Miss Optimist." Coming soon, Geraldine Farrar in "The Woman God Forgot."

THE PARAMOUNT.

"THE SPY"—A revelation of the Kaiser's despicable system in America, written by George Bronson Howard, directed by Richard Stanton and depicted by Dustin Farnum, is being shown today. Do you know your neighbor? Why is the government guarding every public utility, every bridge, every factory today? Are enemy aliens restricted to certain districts? Has the government taken over the wireless throughout the land? Because one man risked his life to inform the American government in advance is excitingly told in this time-ly Fox film. The United States gov-

ernment has appropriated millions of dollars in recent months to fight the remarkably efficient German spy system in America. It is no secret that the Kaiser has upward of 10,000 trained agents in America, and they were in America months before the war. All of these facts have prompted William Fox to produce "The Spy," which exposes German plots in the United States. Dustin Farnum is supported in this 19 reel film by Winifred Kingston, William Burgess, Charles Gray and William E. Lowery. The picture will also be shown tomorrow.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy. Any drugist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins. The E. W. Rose Co., Cleveland, O.

theatre patrons of Connellsville, Mrs. May South Robbins, manager of the Soisson theatre, has closed contracts for the first road dramatic attraction to play here in several years. Knowing that it is hard to please all classes of theatre lovers, special care in booking the first road show has been taken. "The Marriage Question" that will play here on Thursday, November 15, for matinee and night, has been one of the best successes of the theatrical year and the original cast is guaranteed. A wonderful hit has been scored by Hope Wallace, whose bright, sunny disposition has brought her a record seldom equaled for a new production. The supporting cast has been selected with care and each artist for his own particular interpretation of the part. The play by Kettner and Howard is their best effort and has been staged with all details complete. A special car load of scenery is used in the production. Mrs. Robbins promises if the people of Connellsville look with favor on this attraction that she is in a position to present several New York successes during the season and place Connellsville again on the map of the show world. Seats will be placed on sale at the box office of the theatre Monday.

THE ARCADE.

THE U. S. A. GIRLS—At the Arcade today the U. S. A. Girls will offer the musical farce, "The Harvard

Girl," a tabloid version of a show which for several years was a successful road production. The plot revolves around the antics of a young college boy who impersonates a girl. It offers excellent opportunity for funny situations. The opening song, "The Harvard Girl," was written by the producer, G. M. Roy. The Martin sisters will do an eccentric dance called "The Essence," and Russ Williams will sing "Somewhere in Ireland." Miss Roberta Hall, the girl who knows how to make her feet behave, will do an original song and dance, "Scratch in the Gravel." Miss Agnes Martin will sing "Jean or Arc," and Miss Agnes Martin, "Shanghai." Charles Reeves will sing "Honor Thy Father and Mother" and Miss Roy, "My Highland Lassie." W. S. Hart in "The Squaller," will be on the screen. This star has always been a favorite with Arcade patrons as it was the first home in town to show air pictures. No picture ever pleased so well as "The Disciple." Coming next week is Billy Force and His New York Belles, featuring the dancing Dorings, who do stage and hall room dancing in a decidedly clever way.

SOCIAL and PERSONAL

Twenty members attended the regular meeting of the Woman's Guild of the Trinity Episcopal church held last evening at the home of Mrs. T. G. Kincaid in West Cedar avenue. During the business meeting the work committee turned over \$10, the proceeds for the month's work. The members arranged to meet each afternoon of next week at the home of Mrs. Harry Vanstone at South Connelville to make two quilts, for which orders have been placed. Two members of the guild will quilt on each afternoon. Mrs. F. R. Graham has started a travel basket, the contents of which will be sold for the benefit of the building fund. One new member, Mrs. Samuel Kilpatrick, was received. Following the business meeting refreshments were served by the hostesses. Mrs. Alter of Jeannette, the guest of Mrs. T. J. Smith, was an out of town guest. The next meeting will be held Wednesday, November 21, at the home of Mrs. Leonard in Crawford avenue.

The Silver Thimble club was delightfully entertained yesterday afternoon by Mrs. Otto Koehler at her home in West Cedar avenue. Twenty ladies were present, and spent the afternoon at fancywork and knitting for the Red Cross and Navy League. Delicious refreshments were served by the hostess. Mrs. Charles A. Hopper of Reynoldsville, was an out of town guest. Mrs. S. T. Benford will entertain the club Wednesday afternoon, November 21, at her home in North Pittsburg street.

The H. O. class of the United Brethren church will meet tonight at the home of the teacher, Mrs. Homer Blackburn in Witter avenue. The meeting is one of importance and all members are urged to attend.

The weekly Bible study of the Business Women's Christian Association will be held tonight in the association room in the First National bank. The study period will be preceded by supper.

The seventh annual banquet of the F. O. M. class of the Methodist Protestant Sunday school will be held tonight in the church. As all men of the church were extended an invitation a large crowd is expected.

Mr. and Mrs. Charles A. Crowley will entertain the EXII club this evening at their home in Vine street.

On account of public sentiment aroused by the publication of the fact that Fritz Kreisler is an officer in the Austrian army, aligned with Germany in war against the United States, coupled with the failure against the Boston Concert director who declined to direct "The Star Spangled Banner," Kreisler will not be permitted to give his scheduled concert in Pittsburgh and Morgantown. Pittsburgh municipal authorities announced that no permit would be granted for the Kreisler recital in Pittsburgh and the Morgantown concert was cancelled after residents there had demanded such action.

Mr. and Mrs. T. Scott Dunn of Eighth street, Greenwood, accompanied by Mr. and Mrs. O'Heirist of Walton, Kan., a brother-in-law and sister of Mr. Dunn, left early yesterday morning in Mr. Dunn's new Super Six for Cadiz, O., to attend the fifth wedding anniversary of Mr. and Mrs. Joseph H. Long.

The M. & S. Fancywork club was entertained yesterday afternoon by Mrs. Wallace Wilson at her home in East South street. All members were present and spent a very enjoyable afternoon at fancywork. Dainty refreshments were served. Mrs. Rockwell Critchfield will entertain the club Wednesday afternoon, November 21, at her home in Crawford avenue, West Side.

The Woman's Home and Foreign Missionary societies of the First Presbyterian church met yesterday afternoon in the church with many members in attendance. The Home society held the first meeting. Mrs. R. E. Grimm was in charge of the devotional exercises and Mrs. B. E. Smith was leader of the literary program. Papers were read by Mrs. W. K. Allen, Mrs. H. H. H. and Mrs. M. Young. At the close of the program, the

WAR NEWS

KERENSKY DEPOSED LONDON IS INFORMED.

LONDON, Nov. 8.—Kerensky has been deposed.

A wireless dispatch from Petrograd, says that the council of soldiers and workmen delegates has announced that the split in the council has been healed and that a call has been sent out for a delegate from each 25,000 of the population to express the will of the Russian army.

A proclamation sent out through the wireless station of the Russian government today and picked up here states that the garrison and proletarian of Petrograd has deposed the Kerensky government.

An exchange telegraph dispatch from Petrograd says a strong detachment of troops of the soldiers and workmen's delegates occupy the Baltic railway station and that the government commandered all motor cars confining the troops to the barracks. The Russian agency which was seized by the Maximists sent the following dispatch from Petrograd dated 9:50 o'clock last evening: "The day brought certain changes in the situation in the capital. The Maximist government made fresh and fairly appreciable progress, but no disorders have taken place."

Towards 5 o'clock in the afternoon the revolutionary committee of the soldiers and workmen's delegates issued a proclamation stating that Petrograd was in its hand, thanks to the assistance of the garrison, which enabled the coup d'état to be brought about without bloodshed.

The proclamation declares that the new government will propose an immediate and just peace; will hand the land to the peasants and will summon the constituent assembly.

"Delegates from the three Cossack regiments quartered here declared they would not obey the provisional government and would not march against soldiers and workmen's delegates, but that they were prepared to maintain public order."

The Petrograd council of soldiers and workmen's delegates held a meeting this afternoon at which M. Trozky made his declaration that the government no longer existed; that some of the ministers had been arrested; and that the provisional parliament had been dissolved.

"Nikola, Louisa, who received prolonged cheers, outlined three problems new before the Russian democracy: first, immediate conclusion of the war for which purpose the new government must propose an armistice to the belligerents; second, the handing over of the land to the peasants; third, settlement of the economic crisis."

"At the close of the sitting, the declaration was read from the representatives of the Democratic Minimalist party of the soldiers and workmen's delegates stating that the party disapproved of the coup d'état and withdrew from the council of soldiers and workmen's delegates."

STATE DEPARTMENT IS SILENT ON RUSS SITUATION WASHINGTON, Nov. 8.—Kerensky's fall and the collapse of his government in Petrograd into the hands of the Maximists who propose a separate peace with Germany is regarded here as threatening Russia with the civil war which all her friends hope to see avoided.

The State Department, entirely without official advice of its own, was silent, wishing to avoid making any statement until the situation could be accurately assessed on the basis of intimate reports from Ambassador Francis at Petrograd.

The Russian embassy today preferred not to make a statement until later and after there has been opportunity for communication with Ambassador Bakmeteff who is traveling in the south.

The embassies of the Entente Allies realizes that the development means first of all probably rearrangement of their war plans.

The general opinion here among those in position to be best informed of Russian affairs is that Kerensky and his followers probably will at once set up a new government at Moscow leaving Petrograd to the Maximists and those troops who adhere to them.

C. S. STEAMER ROCHSTER TORPEDOED AND SUNK. LONDON, Nov. 8.—The American steamship Rochester was torpedoed and sunk at dusk on November 2.

Four sailors were known to have lost their lives. One boy with the second mate and 15 men is missing.

The captain and 22 men have been landed at Buncrana. One lifeboat with nine survivors reached Rosport in the county of Mayo yesterday.

U. S. COMMISSIONER BLANDED BY HOUSE IN LONDON. LONDON, Nov. 8.—The special American commission to the allied conference arrived in London last night. It is headed by Colonel E. M. House, as special commissioner, with the honorary rank of special ambassador. The voyage was uneventful.

STRICKEN IN FIELD. Finley Woodward, Aged Farmer, Suffers Stroke.

While husking corn on his farm near the Work place in Dunbar township this morning, Finley Woodward, one of the best known farmers of this section, was stricken with apoplexy and is in a critical condition.

Dempsey Woodward, who was working with his father, assisted by others, carried the stricken man to his home and a physician was immediately summoned. This afternoon Mr. Woodward had regained consciousness. He is 77 years old and it is feared his illness will prove fatal.

LOCAL CHAPTER SHIPS \$2,000 CONSIGNMENT OF RED CROSS GOODS

Surgical Dressings, Pajamas, and Knitted Goods Sent to New York Supply Station.

A consignment of surgical dressings, pajamas and knitted articles for the soldiers, the combined value being about \$2,000, was shipped last night by Connelville's Red Cross to the Red Cross Supply station in New York City.

The shipment consisted of 3,308 surgical dressings, 21 knitted wipes, 10 pairs of bed socks, 42 suits of pajamas, 264 bed shirts, 95 sweaters, 78 mufflers, 75 wristlets, 54 pairs of socks, 144 scrub cloths, 720 wash cloths, 2,200 handkerchiefs and 150 towels. This is the second shipment made by the local Red Cross within the past week.

With the approach of Christmas more work will develop and a larger attendance of women is needed at the Red Cross rooms. Although the women have been doing splendid work, there is still need for more helpers. The work rooms are open every day in the week and an urgent appeal is sent out to every woman in the city to do her part in looking after the needs of the soldiers.

WASNT SO ROUGH

Victor in Dance Fight Says She Didn't Beat Opponent Much.

Asking that a correction be made in regard to a statement that she had been dancing with a married man, the girl who staged a fight with the man's wife at a dance in Markell hall Tuesday night called The Courier this morning to explain some of the details of the battle.

"I never danced with a married man," she said. "In fact, he wasn't there. I want you to rectify that statement or I'll have some more trouble with that woman." The lady on the other end of the line seemed to think that the other woman had given a story to the paper concerning the cause of the trouble.

OPERATOR REWARDED

Miss Opperman Gets Anniversary Check From Bell Company.

Miss Gertrude Opperman, operator for the Bell Telephone company in Connelville for the past four years has been transferred to Butler.

Miss Opperman is the first operator in Connelville or Uniontown to receive an anniversary check, the custom having only been inaugurated recently by the company. This morning she left for Butler to take up her new work.

ARREST AUTO THIEF

Washington, Pa. Negro, Picked Up Here in Stealing Machine.

William Clark, a negro of Washington, Pa., charged with stealing an automobile owned by a man named Johnson of the same place, was arrested here yesterday afternoon and locked up to await the arrival of Washington police. Another negro implicated in the stealing of the car escaped.

Clark asked the police to arrest a girl in connection with the theft, but it was proved that she had nothing to do with the affair. Clark is a nephew of Johnson.

New Coal Company. The Robinson Coal & Coke Company has been formed and application will be made for a charter, the incorporators being W. E. Rice and W. B. Stillwagon of Connelville and Henry Robinson of Gams.

The capital is fixed at \$25,000. The company has taken over and will develop the Robinson tract of 30 acres of coal at Outcrop, and has already started building a tipples and siding to connect with the siding of the Rice No. 2 plant.

TO SEE GAME

Tickets for Pitt-W. & J. Struggle Arrive For Use by F. H. S. Boys.

Tickets for the Connelville high school football team for the Pitt-W. & J. game Saturday have arrived here. Connelville plays Wilkesburg high at 10:30 Saturday morning, and the players will take in the big game in the afternoon. Only 14 tickets came, but 17 players will be taken along by the local management, and tickets bought for the other three. The tickets are subject to a 15 cent war tax.

Saturday a week, Connelville plays Washington here. The game is expected to prove a big attraction, as Washington, always a worthy opponent of Connelville, has an unusually strong team this year. The "Thanksgiving Day" games with Washington conducted several years ago were always features of the season.

Manganese Officials Here. Officials of the American Manganese company and their wives, headed by President E. E. INFLAMMABILITY OF MINE DUST SHOWN BY BUREAU TESTS

Results of Experiments Set
Forth in Recently Issued
Pamphlet.

ALL DUSTS DANGEROUS

Those of Low Inflammability Capable
of Propagating Violent Explosions;
New Methods by Which Degree of
Danger May Be Determined.

A recent publication issued by the United States Bureau of Mines gives the results obtained by the latest experiments made to determine the inflammability and explosibility of mine dust. The methods employed in making the tests and the conclusions derived therefrom are thus set forth:

"Various investigators have devised a number of laboratory methods for determining relative inflammability, but with most of the methods previously described it has not been possible to distinguish between dusts that may give rise to explosions in the mine and those that will not. Such a differentiation of dusts obviously depends on the availability of data concerning the behavior of dusts under actual mining conditions as well as on the sensitiveness of the laboratory method. Data of this nature have been available only within a few years.

"During the course of the investigations at the experimental mine of the Bureau of Mines it was found that dusts of too low inflammability to be ignited in the laboratory apparatus previously used by the Bureau were nevertheless capable of propagating violent explosions in the mine. Consequently it became necessary to increase the sensitiveness of the laboratory method.

"The laboratory method described in this paper is capable of measuring the inflammability of the least inflammable dusts that will propagate an explosion in the mine. A relation has been established between the results of tests on a large scale at the experimental mine and the results of laboratory tests, so that it is now possible to determine from laboratory tests alone whether or not dust may give rise to or propagate explosions.

"Normal air has been used in previous laboratory experiments with dusts. Recent work at the experimental mine has shown that dusts which in normal air are not capable of propagating an explosion may, in the presence of a small percentage of natural gas, readily propagate an explosion. The laboratory method has therefore been so modified that dusts may be tested in the presence of various percentages of combustible gas; and the effect of small amounts of combustible gas on the inflammability of dust has been investigated.

"The igniting agent may be the flame from a blow-out shot, the flame of an oil lamp, or the surface of an incandescent solid body. In the apparatus used to measure inflammability in the experiments herein described a heated platinum tube serves as the igniter. The igniter is placed at the center of a spherical vessel and a cloud of dust is blown past it through an opening in the bottom of the vessel. The pressure produced by the combustion of the dust is taken as a measure of its inflammability.

"A laboratory method for determining the inflammability of coal dust has been developed that is more sensitive and capable of much greater accuracy than the methods previously described. With the apparatus described inflammability determinations have been made on a large number of samples of coal dust from the various coal fields of the United States.

"By establishing a relation between the results of laboratory tests and those of tests under actual mining conditions it has been found possible to determine from laboratory tests whether dusts are capable of giving rise to explosions in the mine.

"The inflammability of mixtures of coal dust and rock dust has been studied, and it is possible to predict from laboratory tests the percentage of rock dust that will render each coal dust incapable of propagating an explosion.

"A convenient means has been provided for determining the effect on the inflammability of combustible gas in the atmosphere in which the dust is suspended. By means of this modification the effect of such small percentages of gas with several typical coals and coal-bale mixtures has been studied."

FOR RHEUMATIC PAINS AND GOUT

Swellings Are Reduced and Inflammation Subdued So Quickly That Physicians Are Amazed.

The simplest remedy and by far the most effective one to relieve the swelling and burning pain and misery in rheumatism and gout is Begg's Mustardine. That you can buy at any drug store for only 25 cents a box.

It's almost unbelievable, but it is a fact nevertheless, that you can shorten the usual 10-day course of gout to four days; and sometimes three, by the use of Begg's Mustardine in conjunction with the doctor's internal remedy.

Spriting headache, to muscle, carcase on in 10 minutes—sometimes in 5. Just rub it on, that's all; it will not blister. For any ache or pain, for bruises, sprains, strains, sore muscles, stiff neck, neuritis, chilblains, sore or frost-bitten feet it never fails. Ask for Begg's Mustardine in the yellow box; 25 cents. It's the original non-blistering substitute for the old-fashioned mustard plaster.—Adv.

Partnership

The making of even the most ordinary telephone call involves a partnership of at least three persons.

The effectiveness of the service depends on the degree of team-play existing between these three partners—the person calling, who co-operates by consulting the directory and calling by number always; the operator, by making the connection quickly, courteously and with the maximum degree of human accuracy; and the person called, by answering promptly.

Greatest satisfaction of service is attained when the second partner, the operator, is accorded the same consideration and courtesy which she is always anxious to show the other two members of the partnership.

How Thin People May Put on Flesh

GREAT DISCOVERY BY EMINENT
SPECIALIST.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing the arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness, and it therefore is a real pleasure to publish here, with a simple prescription which, by correcting faulty metabolism and stimulating the activity of certain sluggish vital organs, quickly produces a marvelous transformation in the appearance; the increase in weight frequently being astonishing. This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy which nearly always accompany excessive thinness, all quickly disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

The prescription, which is absolutely harmless, directs you to take before each meal a 4-grain tablet of Buro-Photo-phate, such as you may obtain from any druggist at a trifling cost. Eat all you want, but chew your food thoroughly.

CAUTION.—Although the above prescription is unsurpassed for relieving nervousness, sleeplessness and general weakness it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.—Adv.

Give The Stomach A Chance To Work

We can't expect the stomach to act normally if it is the natural avenues of elimination are blocked so it cannot dispose of its refuse. When the bowels are constipated the stomach is called upon for work beyond its capacity and the result is bloating, belching, flatulence and discomfort generally, and unless the condition is promptly relieved, serious illness.

An effective remedy for constipation is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. It is a combination of simple ingredients with pepsin that acts on the bowels in a gentle, natural manner, without griping or other pain or discomfort, and is a speedy relief. Get a bottle of Dr. Caldwell's Syrup Pepsin from your drug store and have it in the house when you need it. It costs only fifty cents and is the ideal family remedy, mild enough for children and old people, yet sufficiently powerful for the strongest constitution. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 466 Washington St., Mendota, Illinois.

Druggist Did Suffering Woman a Good Turn When He Sold Her Nerv-Worth.

The following entirely new signed statement, given by a well known resident of Butler county, Pa., gives an extraordinary account of the wonderful power of Nerv-Worth.
George H. Davy—I wish to state that my general condition is improved wonderfully. Before taking Nerv-Worth I could not sleep or rest at night. Now my rest is perfect. I also was affected with erysipelas, which would come at stated intervals, but now that condition has been overcome. My heart was bad, caused by spleen being strained and now that difficulty has been overcome. I cannot say too much in praise of Nerv-Worth and feel that I can never be without it. Am also very grateful to Mr. Davy for recommending the same.

BEGINNING SATURDAY

A Sale of 75 Smart Fall Dresses \$19.75, \$22.50 and \$25 Values \$15

A Big Special Purchase Coupled With Certain Desirable Styles From Our Own Regular Stock

Never before this season have you had opportunity to buy such good dresses for so little—and probably never will again. It required the combined purchasing power of our entire buying syndicate to command this wonderful price concession. But it was worth every bit of the effort and more too—as the dresses themselves so clearly show. We wish there were twice as many, so more women could profit by this sale. We could easily sell them at \$19.75, \$22.50 and even \$25, but it has long been our policy to give our customers the benefit of the savings made on an important purchase like this—and we adhere to it strictly.

Styles and Materials

Without doubt, the most outstanding feature about these dresses is their wonderful styles—following closely along the lines of high priced, exclusive models. Both loosely and close-fitting effects with sailor or high collars that you would never associate with garments to sell for only \$15. And these attractive styles are beautifully developed in satin, serge, taffeta, georgette, crepe de chine and various striking combinations.

Colors and Trimmings

There are many smart effects in trimmings obtained by the skillful use of buttons, braid, silk embroidery and wool embroidery. Some models have dainty white collars. And you are offered choice of no less than nine separate and distinct new shades—light grey, taupe, brown, plum, beige, copen, Burgundy, navy and black. All sizes for women and misses.

A Sale With a Double Purpose

This is an important sale—and a timely one. It serves a double purpose. It provides the very latest ideas in dresses fresh from their makers, and it offers a saving that is, perhaps, surprising but none the less welcome.

Hundreds of Fashionable Coats \$15 to \$85

At \$15.—A recent buying trip to the Eastern Market is responsible for the largest and choicest collection of stylish coats to sell for \$15 that we have had at any time this season.

Big, warm coats built along the most authentic style lines. Velours, Kerseys and other serviceable materials trimmed with velvet, kerani, plush and buttons. Navy, black and half a dozen novelty shades. All sizes 16 to 44.

At \$19.75 to \$85.—It would be difficult to think of any notable style or material that is not represented in this wonderful assortment of finer coats for women and misses. Pom Poms, Plushes, Bolivias, Wool Velours, Silvertones, Broadcloths and Velvets—made up in big, roomy models, showing the newest effects in belts, pockets and collars. Velvet, button, fur and self trimmings. Our feature showings at \$25, \$29.75 and \$35.
